

**COLLEGE ARCHIVES
MEN'S BASKETBALL FILMS COLLECTION, 1980-**

**SKILLMAN LIBRARY
LAFAYETTE COLLEGE**

The films are arranged into four series; Series I: VHS tapes, Series II: 8mm video, Series III: Mini DV tapes, and Series IV: DVD's. Within each format, the materials are then arranged in chronological order. If a researcher is looking for a particular game but does not see it in the inventory, it is suggested they view the undated games which will appear at the end of each format.

Many of the materials indicate that the recording is a TV copy. By reviewing recent DVD's, the TV copy was recorded directly from the TV broadcast of the game, or was provided by the cable company, and will generally contain commentary and graphics from the broadcast. Recordings without the designation of TV copy appear to be games recorded by the basketball staff from the bleachers or other area of the court. These generally have no commentary but do contain sounds from the game, although it is often difficult to clearly hear.

There is potential to find games in multiple formats. For example, a game may have both a VHS copy and an 8mm video copy. It is recommended to view, if possible, the most current and playable format.

SERIES I: VHS TAPES (unless otherwise noted)
